**CHENNAI:** The department of history at Women’s Christian College organised an exhibition, featuring some of the rarest articles displayed by city historians, like John Moses Venkataraman Prabhakar, Rolands Nelson, as a part of the Madras Week Celebrations on Wednesday.

Rolands, a stamp collector portrayed the postal history of Madras by displaying correspondence of citizens of Madras from 1853 – 1947. “For as long as I can remember, I have been collecting postcards. But if I had to put a number on it, I’d say 60 years,” he says.

The one-day exhibition was open to several schools, colleges and the public.
